### PUEA'S UNIQUE IDENTITY

The Presbyterian University of East Africa (PUEA) is a faith-based institution sponsored by The Presbyterian Church of East Africa (PCEA).

The University embraces an ecumenical approach, serving all with equity, regardless of ethnicity, creed or culture, safe-guarding human and gender rights for all members of the institution.

### RICH HISTORY

The institution is located in Thogoto Mission area, Kikuyu Constituency, Kiambu County approximately 20 Kilometers west of the city of Nairobi. The University is located in a serene and conducive teaching and learning environment in Thogoto, Kikuyu - the cradle of education in Kenya. The University aims at producing holistically trained graduates for the service to God and humanity. We embrace the values like academic excellence, promote freedom of thought, selfless service, discipline, integrity, transparency and fair play.

The Presbyterian University of East Africa has undergone a long historical academic journey. Thogoto mission area is where the first African secondary school (Alliance high school) was started by four alliance missionary churches (Church of Scotland Mission, Church Missionary Society, Methodist Church and African Inland Church). A theological college was established here in 1996 which was known as "The Presbyterian College". This was a precursor to The Presbyterian University of East Africa (PUEA) established in 2007 to provide holistic and transformational faith-based university education.

Since then, the University has developed innovative and practical academic programmes across a wide range of disciplines. It has established a vibrant learning culture and attracted a

large number of students at certificate, diploma, bachelor's and master's levels. It is no surprise therefore that Kenya's founding father, Mzee Jomo Kenyatta said in a speech delivered in 1968 during the inauguration of the 7<sup>th</sup> anniversary celebrations of the Presbyterian Church of East Africa (PCEA) that, *"Thogoto became a centre not only for religion, but also for education."*

**"The University aims at producing holistically trained graduates for the service to God and humanity."**
